

# LOCAL SUPPORT

**Made in Moreland  
is a library project aimed at  
supporting and promoting local  
musicians, filmmakers and writers  
living in the Moreland area**

If you are an artist:

- Made in Moreland may purchase copies of your work or accept suitable donations.
- One copy of all works purchased or donated will be kept in the library service's Local History collection, preserving your work for future generations!
- A special section of the library service's CD collection is devoted to local artists. The CDs in this collection are highlighted with special displays and promotions from time to time.

Moreland's Library Service has a large, diverse membership and a highly popular CD collection - a perfect opportunity to highlight and promote your work.

Made in Moreland is seeking all forms of musical materials regardless of style, it just has to be local!

If you live in Moreland, or you are in a band where some members are Moreland based, Call Barbara on 9389 8600 for more details.
