Bareback Kit Whitfield

A science fiction mystery set in a world where those born feet first live a normal life. But for those who are born headfirst, insultingly referred to as a 'bareback', their destiny is predetermined.

Lola Galley was born headfirst. She desires justice after a friend is murdered. However, in a divided world, seeking the truth may bring answers that you don't want to hear.

Frost, Scott **Never fear**

While investigating the murder of her half brother, Pasadena detective Alex Delillo connects his death to an unsolved case from 17 years earlier. The prime suspect in that case – her father!

Kinsella, Sophie **Shopaholic & baby**

Becky Brandon is pregnant and finds that shopping is a great cure for morning sickness. Becky's perfect world starts to crumble when her obstetrician turns out to be her husband's ex-girlfriend.

Zindell, David **The lightstone**

A grand scale fantasy full of meticulously created characters.
