Edgars Creek/ Ronald Street Footbridge – Information Evening

Dear Owner/Occupier

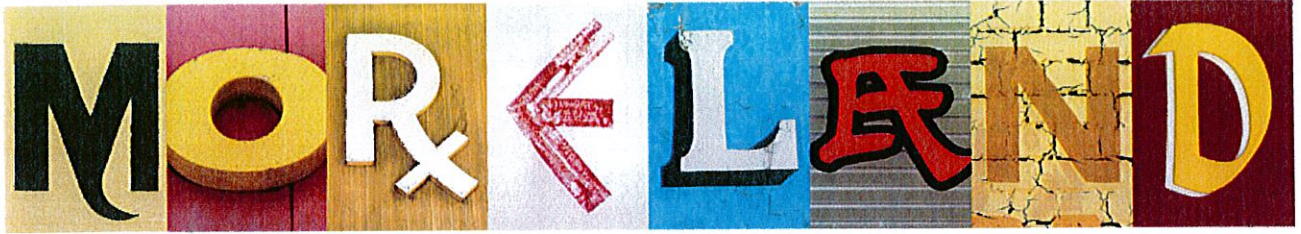

Council at its 11 April 2018 meeting, considered the feasibility report which investigated options for the replacement of the footbridge across Edgars Creek near Ronald Street, Coburg North which was damaged beyond repair by a flood event in late December 2016.

At this meeting, Council endorsed that the design phase commence to provide a new footbridge across Edgars Creek at the same location as the previous bridge, as shown on the diagram below.

Pitt & Sherry Consultants have been engaged to undertake the design phase of the project and have developed several plans encompassing alternate design elements.

Proposed alignment of the new footbridge.

Council will be conducting a public meeting to present and discuss the various design options. You are invited to attend and provide input into shaping the new bridge for your community.

The meeting details are as follows:

Time: 6PM – 8PM

Date: Wednesday 7 November 2018

Venue: Harry Atkinson Art and Craft Centre

Lake Grove (West side of Coburg Lake), Coburg North

If you have any questions regarding the bridge, please contact Council's Engineering Services Coordinator, Joe Carnuccio, on 9240 1111, or email info@moreland.vic.gov.au .

Yours sincerely
