

## Checklist for submitting a WSUD response

The following information must be lodged in response to the 'Stormwater Management' objectives of Clause 22.08-2 of the Moreland Planning Scheme. If you have questions about any of these requirements, please call 9240 1111 and ask to speak to an Environmentally Sustainable Design (ESD) Officer.

#	Item	Provided?	Comments
	Description of site and proposed development	<input type="checkbox"/>	
2	Table showing catchment areas (pervious and impervious) and corresponding treatment systems.  Table includes the entire site including any areas that don't receive any treatment.	<input type="checkbox"/>	
3	Description of the stormwater quantity and quality strategy <ul style="list-style-type: none"> <li>- Type of WSUD infrastructure</li> <li>- WSUD infrastructure location(s)</li> <li>- Catchment areas directed to each system</li> <li>- Harvesting demands (e.g. toilet flushing)</li> <li>- Connections between WSUD systems</li> <li>- Connections to the legal point of discharge</li> </ul>	<input type="checkbox"/>	
4	A site layout plan identifying: <ul style="list-style-type: none"> <li>- Site boundary</li> <li>- Catchment areas (pervious and impervious) and flow directions with areas (m<sup>2</sup>) of each sub-catchment</li> <li>- Site levels including contours</li> <li>- Assumed legal point of discharge</li> </ul>	<input type="checkbox"/>
