Checklist for Use of Land

This checklist applies to applications where a new land use is proposed and where this new land use requires a planning permit under the provisions of the Moreland Planning Scheme. Often buildings and works will require a planning permit too. It is vital that a planning permit application description describes why a planning permit is sought.

Other planning scheme controls may affect your proposal. Please check the planning scheme requirements before submitting an application by visiting the Department of Planning and Community Development Web site or attending the City Development Branch enquiries counter at the Moreland Civic Centre.

Pre-application meetings
Council encourages applicants to meet with Planning Officers before lodging an application. These meetings are designed to advise applicants whether proposals are generally consistent with the Moreland Planning Scheme before they are lodged. Planning staff will also aim to assist applicants to become fully aware of the standard and extent of documentation they are required to provide in order to reduce or avoid the need for Council to request further information.

- You need to register first as a user with Council Online Services before you can submit a planning permit application online.
