

Moreland City Council is working to improve access across the municipality.

Access Issues

Council through its annual works program can address access and safety issues by:

- Repairing damaged footpaths
- Addressing unsafe road/street crossings
- Unblocking footpaths (e.g. incorrect street trading or footpaths blocked by construction and/or rubbish dumping)
- Installing tactile indicators
- Installing adequate lighting on streets and paths
- Providing seating and shelter near bus stops
- Advocating for sufficient traffic light time at pedestrian crossings

If you know of these issues and would like to report them to Council call 9240 1111.

Emergencies

If you are having problems with your wheelchair or scooter whilst out in the community the following services may be of assistance:

- RACV Emergency Wheelchair and Scooter Care (Call 137 228 for more information)
- Recharge points where people can recharge their wheelchair or scooter (Log on to www.rechargescheme.org.au/recharge-finder to find recharge points that are close to you)

For more information visit moreland.vic.gov.au or phone 9240 1111.
