

Bluestone Footpath A110.06

Sawn blue stone with silver granite flagstone

Sawn blue stone

DESIGN STATEMENT

Blue stone footpaths provide high quality, long-lasting, smooth surface. It is easily maintained, the natural stone surface is not easily marked by wear and tear. Use of locally quarried blue stone is preferred.

APPLICABLE LOCATION

Brunswick Activity Centre: Sawn blue stone, use as specified by Council.

Coburg Activity Centre: Sawn bluestone with silver granite flagstones should be used in designated shared space areas. The silver granite should only cover 20% of the paved area.
