DESIGN STATEMENT
Steel kerb grates incorporating raingarden sections allow a greater capture of stormwater from the road. They provide a bold statement along Pascoe Vale Road Glenroy.

APPLICABLE LOCATION
Glenroy Activity Centre: Pascoe Vale Road between Gladstone Parade and Finchley Avenue.

COUNCIL STANDARD DRAWING
N/A

CROSS REFERENCE DOCUMENT
- Glenroy Activity Centre Streetscape Masterplan

STANDARD SPECIFICATION
Colour: Colour to be confirmed with Council.
Material: The kerb uses pre-assembled elements made from steel.
Fixing: The kerb is attached onto the cast in-grate frame with a hinge. Allowing the steel kerb to be lifted for cleaning purpose.

SUPPLIER
Quality Steel Welders

MAINTENANCE
Road Maintenance Unit: Repair failed areas of pavement with similar steel kerb grates.
Street Cleansing Unit: Cleaning will be undertaken as per current schedule. The steel kerb gate is hinged to allow easy of cleaning.
Open Space Maintenance Unit: To be weed sprayed if weeds occur.
