

# Standard Bench B120.02

## DESIGN STATEMENT

Standard bench should be used where multi-directional seating is desirable. It is also appropriate for limited space such as narrow footpath in a busy pedestrian area.

## APPLICABLE LOCATION

Coburg, Brunswick, Glenroy and smaller shopping strips.

## COUNCIL STANDARD DRAWING

N/A

## CROSS REFERENCE DOCUMENT

- Moreland Small Shopping Strip Public Domain Manual

## STANDARD SPECIFICATION

**Type:** Promenade Bench (FFSA001012)

**Finish:** Hardwood Timber Slats. Cast Aluminium Construction. Promenade Seat from Furphy Foundry. Hardwood timber slats with cast aluminium frame.

**Armrest & Legs:** Cast aluminium - stainless steel finish arm rest is optional and should be confirmed with Council. Stainless steel legs unless colour is specified. For shopping strip use black paint from 2-pack paint protective coating such as Luxathane or similar.

**Dimension:** Length 1800 mm; Width: 430mm or 790mm (width specification to be confirmed with Council).

**Installation:** Bolt-down fixings to be used on concrete surface, sub-surface mountings to be used on asphalt. Location should be marked with chalk and confirmed with Council officers prior to permanent installation.

## SUPPLIER

Furphy Foundry [www.furphyfoundry.com.au](http://www.furphyfoundry.com.au) or similar.

## MAINTENANCE

**Council Roads Unit:** Hardwood located in outdoor areas should be initially re-coated after 3 months, and every 6 months thereafter. For degraded surface which appears greying and checking, a light sanding is recommended to freshen up the timber. Replace damaged slats when necessary.

**Street Cleansing Unit:** Remove graffiti when required with graffiti remover. Paint on metal can be recoated using similar paint after detergent degreasing and light abrasion.

## GENERAL NOTES

1. Refer to manufacturer's installation manual
