
Solar Lighting Wall-mounted B160.05

DESIGN STATEMENT

Wall mounted solar lighting provides a temporary or permanent lighting to narrow pedestrian areas where stand-alone pole is not an option. Lighting is pre-assembled with solar panel, luminaires and custom bracket for a quick wall installation.

APPLICABLE LOCATION

Pedestrian lane or other spaces with limited area.
Permission in writing from the wall-owner must be sought before installation.

COUNCIL STANDARD DRAWING

N/A

CROSS REFERENCE DOCUMENT

- N/A

STANDARD SPECIFICATION

Type: Solalite LED from Highlux with custom bracket for wall installation.

Solar panel location: Solar panel should be located facing north, connected to the light fixture or placed on the adjacent roof.

Light levels: Light levels and distribution will be determined as a case by case basis depending on site requirement. Light level modelling should be provided.

SUPPLIER

Highlux www.highlux.com.au or similar.

MAINTENANCE

Lighting is maintained by Council Sustainable Transport.

GENERAL NOTES
