HARD WASTE
Moreland residents receive two kerbside hard waste collections per year. You will receive a notice in the mail two weeks before collection starts in your street. Place your waste items out neatly for collection by the Sunday night before your collection week.

E-WASTE
E-waste can no longer be placed in your garbage bin. All e-waste can be recycled as part of Council’s hard waste service, twice a year. You can also take household batteries, mobile phones and digital cameras to a customer service centre.

DONATE YOUR UNWANTED GOODS
If you are unable to donate goods to a charity store during opening hours, many will collect clothing and furniture in good condition from your home. Contact the following charities to arrange a collection:

• Diabetes Australia, Victoria. Call 9923 8400 or visit diabetesvic.org.au
• Brotherhood of St Laurence. Call 1300 366 283
• St Vincent de Paul Society of Victoria. Call 1800 621 349 or email material.donations@svdp-vic.org.au
• Kids off the Kerb (whitegoods refurbishment and recycling). Call 9982 5600

HOME COMPOSTING
The average Moreland garbage bin is half filled with food waste every week, in addition to the new food and garden organics collection, composting at home is a way you can halve the waste you send to landfill each year. Moreland residents, businesses, organisations and schools can purchase compost bins and worm farms at wholesale prices with free delivery and ongoing support through Council’s Compost Community program. To find out more contact Council or visit moreland.vic.gov.au/composting

2020
Moreland Waste
Collection Schedule

WEEKLY GARBAGE
Only 23% of what goes in the average Moreland garbage bin should actually be sent to landfill. That’s 77% of garbage that could have been recycled, recovered or composted. Moreland residents send around 30,000 tonnes of waste to landfill every year, so even just a small reduction can make a big difference to our environment and future.

RECYCLING
Collected weekly. Use this bin for:

- Glass bottles and jars
- Steel cans, aerosols and cookware
- Paper, cardboard and cartons
- Plastic bottles, tubs and containers
- Aluminium cans and foil

Items should be empty of all food and liquid, flattened or scrunched. Lids and labels are OK to leave on. Please no plastic bags, soft plastics, polystyrene, take away coffee cups, drinking glasses, food or clothing.

FOOD AND GARDEN ORGANICS
Collected fortnightly. Use this bin for:

- Please DO NOT bag your recycling or organics.

Paper towel or a few sheets of newspaper can be used to wrap loose food scraps.

HOME COMPOSTING
The average Moreland garbage bin is half filled with food waste every week, in addition to the new food and garden organics collection, composting at home is a way you can halve the waste you send to landfill each year. Moreland residents, businesses, organisations and schools can purchase compost bins and worm farms at wholesale prices with free delivery and ongoing support through Council’s Compost Community program.
