

Geotechnical declaration and certification

November 2012

Moreland
City Council

This form is to be used for the purposes of complying with a condition on a planning permit for the development of land (which Council has identified is at risk of landslide) where the condition requires the impact of the final design of the buildings and/or works on slope stability to be assessed and certified by a suitably qualified geotechnical engineer. This form must be completed by a suitably qualified geotechnical engineer and lodged with the Urban Development Branch of the Moreland City Council prior to the commencement of the permitted buildings and/or works.
